NEW LOT OF S-42 SANDPAPER STRIPS AVAILABLE

North Tonawanda, NY –Taber Industries is pleased to announce the arrival of a new lot of “orange” S-42 sandpaper strips (180 grit aluminum oxide, open coat, glue bond). Rigorous testing on the S-34 zinc plate confirmed performance within the acceptable range of 120 ± 20 mg.

These results have been independently validated by members of NALFA (North American Laminate Flooring Association) and EPLF (European Producers of Laminate Flooring). To safeguard product integrity, Taber Industries has proactively removed the previous lot from our inventory. The lot number Taber has assigned for this new lot is #92853 (supplier reference lot 115).

For further information of assistance, please contact us at sales@taberindustries.com.
