March 23, 2020

To Our Valued Customers,

I am sure you are aware of Governor Andrew Cuomo's orders requiring 100% workforce reductions in light of the ongoing coronavirus (COVID-19) pandemic. You may also be aware that "essential businesses" and "entities providing essential services or functions" are exempt from this requirement and are permitted to continue their operations.

Taber Industries constitutes an essential business under the Governor's Executive Orders 202.6 and 202.7 and the guidance issued by New York State. **Accordingly, we remain operational and will continue to serve you during this critical time.**

Of course, the health and safety of our staff and community remains one of our top priorities. Accordingly, we have implemented a number of measures to maximize social distancing and ensure a safe environment at our facility. This includes moving almost all administrative functions to remote and implementing staggered shifts for all production employees, as well as other social distancing and sanitization measures.

We have also revised our visitor protocols. Effective immediately, our facility is closed to all visitors except those expressly approved by me. I will approve entry only by appointment and for business critical visitors. If there is a critical need for you to visit our facility, please contact me directly at 716-694-4011 to schedule an appointment.

These are stressful, uncertain, and difficult times for us all. We are grateful for your business and the opportunity to serve you as we navigate them together. Please contact me with any questions.

I wish good health and safety for you and your family and colleagues.

Sincerely,

Daniel K. Slawson
President
